IMPORTANT NOTE: A REGISTRATION FEE OF SAR 500.00 IS REQUIRED TO CONFIRM SLOT ON FIRST COME FIRST SERVE BASIS. LIMITED TO 30 SLOTS ONLY.

TARGET PARTICIPANTS: CONSULTANTS/ FELLOWS/ RESIDENTS: OBSTETRICS GYNECOLOGY & UROLOGY

Voiding Dysfunction Workshop (Morning Session)
 Thursday, 21 February 2019, 09:00 am-01:00 pm
 Post Graduate Centre – Main Auditorium & Foyer/Exhibition Hall, KFSH&RC, Riyadh

Workshop Coordinators:

- Dr. Ibrahim Alowaidah
- Dr. Maher Almoazin
- Dr. Suliman Almutairi

Objectives:

- Understanding urodynamics and interpretation of UDS traces.
- Knowledge of the technical part doing minimally invasive surgeries for stress incontinence and urge incontinence.
- TVT, TVT-O, TOT, Per-urethral and Botox Injection, Sacral Neuromodulation
- Indication, Contra-indication, possible Postoperative potential complications and success rate
- Knowledge of technical part of new non-invasive modality (conservative) for treating voiding dysfunctions

Duration:

- 3 hours and 20 minutes workshop with 20 minutes break in between two sessions.

Participants:

- Obstetrics/Gynecology and urology consultants, fellows and residents.
- Maximum of 30 participants

Workshop Mechanics:

- 6 groups with 5 members each will rotate for 30 minutes in each station

Voiding Dysfunction Workshop (Morning Session)
 Thursday, 21 February 2019, 09:00 am-01:00 pm
 Post Graduate Centre – Main Auditorium & Foyer/Exhibition Hall, KFSH&RC, Riyadh

STATION 1: URODYNAMICS

Instructors:

- Prof. Mohamed Gomha
- Dr. Naif Alamri

Objectives:

1. Overview on Urodynamics (indications, how to perform UDS, equipment)
2. Principle of urodynamic study interpretation

How station should be delivered:

1. Demonstration model -10 minutes, Video - 5 minutes, Interactive Discussions - 5 minutes
2. Practice based UDS interpretation

Equipment/ Instruments needed:

1. UDS equipment
2. Video
3. Computer/Monitor
4. UDS traces

STATION 2: BOTOX INJECTION POSTERIOR TIBIAL NERVE STIMULATION (PTNS)

Instructors:

- Dr. Waleed Alomair
- Dr. Abduliah Ghazi

Objectives:

1. Indications and how to do it

The 31st Saudi Urological Association Annual Meeting

Voiding Dysfunction Workshop (Morning Session)
 Thursday, 21 February 2019, 09:00 am-01:00 pm
 Post Graduate Centre – Main Auditorium & Foyer/Exhibition Hall, KFSH&RC, Riyadh

2. Medication that can be used, and their efficacy
3. Assessment of post void residual urine
4. Potential risk and complication

How station should be delivered:

1. Demonstration on 5 minutes each of the above (Videos)
2. PowerPoint presentation that includes indication, contra-indications, complications, success rate evidence based, different modalities, and tips and trick of doing the procedure

Equipment/ instruments needed:

1. Medication (Botox) and needles used for injection.
2. Urgent PC (Uroplasty kit)
3. Table
4. Bladder scan

STATION 3: MINIMALLY INVASIVE PROCEDURES

Instructors:

- o Dr. Ali Bin Mahfooz
- o Dr. Suliman Almutairi

Objectives:

1. Indications
2. How to apply
3. Complications
4. Success and outcome

How station should be delivered:

1. Overview of indications (5minutes)
2. How to apply on a pelvic model (5minutes)
3. Practical hands-on (5 minutes)
4. Tips and tricks (5 minutes)

Voiding Dysfunction Workshop (Morning Session)
 Thursday, 21 February 2019, 09:00 am-01:00 pm
 Post Graduate Centre – Main Auditorium & Foyer/Exhibition Hall, KFSH&RC, Riyadh

5. PowerPoint presentation that includes indication, contra-indications, complications, success rate evidence based, different modalities, and tips and tricks of doing the procedure.

Equipment/ instruments needed:

1. TVT sling, apply introducers
2. Model
3. Table

STATION 4: MINIMALLY INVASIVE PROCEDURES: TOT

Instructors:

- o Dr. Tala Alafraa
- o Dr. Basma Mallallah

Objectives:

1. Indications
2. How to apply
3. Different approaches (outside-in, inside-out)

How station should be delivered:

1. Overview of indications (5minutes)
2. How to apply on a pelvic model (5minutes)
3. Practical hands-on (10minutes)
4. PowerPoint presentation that includes indication, contra-indications, complications, success rate evidence based, different modalities, and tips and tricks of doing the procedure.

Equipment/ instruments needed:

1. TOT sling, introducers
2. Table
3. Model

Voiding Dysfunction Workshop (Morning Session)
 Thursday, 21 February 2019, 09:00 am-01:00 pm
 Post Graduate Centre – Main Auditorium & Foyer/Exhibition Hall, KFSH&RC, Riyadh

STATION 5: MINIMALLY INVASIVE PROCEDURES: PERI URETHRAL INJECTIONS

Instructors:

- Dr. Maher Almoazin
- Dr. Abdulaziz Alhejaili

Objectives:

1. Indications
2. Technique
3. Complications

How station should be delivered:

1. Show different equipment/ instruments
2. Demonstrate on a model
3. Show a video if model is not available
4. PowerPoint presentation that includes indication, contra-indications, complications, success rate evidence based, different modalities and trips and tricks of doing the procedure.

Equipments/Instruments needed:

1. Models
2. Macroplastique
3. Bulkamid
4. Video
5. Computer/Monitor
6. Table

STATION 5: SACRAL NEUROMODULATION

Instructors:

- Dr. Badr Almosaheed
- Dr. Al Abbad

Abstract Presentations

| Podium Abstract Presentation Saturday, 23 February 2019 Classroom # 4, Post Graduate Centre, Level 3, New Expansion, Main Hospital Building Moderators: Dr. Raed Azhar & Lt. Col. Ahmed Alzahrani | | |
|--|--|--|
| Podium Abstract Presentation Session is from 08:00-12:30 pm | | |
| TIME | TOPIC | PRESENTER |
| 8:30-8:45 am | Abstract #3: Prevalence of Chromosomal Abnormalities Among Non – Obstructive Azoospermic Patients, Tabuk Experience | Dr. Magdy Elbahnasawy Consultant, Tabuk Military Hospital, Tabuk |
| 8:45-9:00 am | Abstract #4: Iatrogenic Urinary Tract Injuries During Obstetric and Gynecological Procedures: Single Center 7-Years Experience | Dr. Magdy Elbahnasawy Consultant, Tabuk Military Hospital, Tabuk |
| 9:00-9:15 am | Abstract #18: Efficacy of Follicle-Stimulating Hormone As A Treatment of Severe Idiopathic Oligospermia: A Retrospective Study | Dr. Ahmed Aljuhaiman Resident, King Abdulaziz Medical City, Riyadh |
| 9:15-9:30 am | Abstract #20: The Efficacy and Safety of Low Intensity Shock Wave Therapy in Erectile Dysfunction: A Prospective Study | Dr. Abdulrahman Almuhrj Resident, King Fahad Specialist Hospital, Dammam |
| 9:30-9:45 am | Abstract #23: Photo-Selective Vaporization of the Prostate (PVP) with the 180w Green Light XPS, Single Center Experience in High Risk Patients | Dr. Hend Alshamsi Resident, King Fahad Specialist Hospital, Dammam |
| 9:45-10:00 am | Abstract #34: Long-Term Outcomes of Biofeedback As Single First-Line Treatment for Non-Neuropathic Dysfunctional Voiding in Children with Diurnal Enuresis and Predictors of Success | Dr. Ameen Bashareef Fellow, King Khalid University Hospital, Riyadh |

The 31st Saudi Urological Association Annual Meeting
“Challenges and Controversies”
King Salman Auditorium, King Faisal Specialist Hospital & Research Centre
Thursday – Saturday, 21 – 23 February 2019
Riyadh, Saudi Arabia

Abstract Presentations

| 10:00-10:15 am | Abstract #35 Zero-Ischemia Laparoscopic Right Partial Nephrectomy in Morbidly Obese Patient, A Novel Technique (Video Presentation) | Dr. Ahmed Alhadi Consultant & Head of Urology Armed Forces Hospital, Southern Region |
|--|--|--|
| Podium Abstract Presentation Saturday, 23 February 2019 Classroom # 4, Post Graduate Centre, Level 3, New Expansion, Main Hospital Building Moderators: Dr. Raed Azhar & Lt. Col. Ahmed Alzahrani | | |
| Podium Abstract Presentation Session is from 08:00-12:30 pm | | |
| TIME | TOPIC | PRESENTER |
| 10:15-10:30 am | Abstract #36: Micro-Dissection Testicular Sperm Extraction (M-Tese) in Klinefelter's Syndrome Patients, King Faisal Specialist Hospital & Research Centre, Riyadh Experience | Dr. Abdulmalik Almardawi Fellow, KFSH&RC, Riyadh |
| 10:30-10:45 am | Abstract #46: Pyeloplasty in Children with Low Differential Renal Function: A Multicenter Study | Dr. Abdulmohsin Alfaddagh Fellow, King Fahad Specialist Hospital, Dammam |
| 10:45-11:00 am | Abstract #49: Comparison Between Internal Double J and External Pyeloureteral Stents in Open Pediatric Pyeloplasty: A Multicenter Study | Dr. Ahmed Alawwad Resident, King Fahad Specialist Hospital, Dammam |
| 11:00-11:15 am | Abstract #50: Management of Neuropathic Detrusor Overactivity with Electromotive Drug Administration (EMDA) of Botulinum Toxin A in Children | Dr. Mohamed Gaber Assistant Consultant, King Khalid University Hospital, Riyadh |
| 11:15-11:30 am | Abstract #51: Intervention in Congenital Unilateral Pelvi-Ureteric Junction Obstruction, (Better to Wait or It's Too Late?) | Dr. Mohammed Alhagbani Resident, Prince Sultan Military Medical City, Riyadh |
| 11:30-11:45 am | Abstract #62: Role of Post-Operative Antibiotics in | Dr. Tariq Burki |

The 31st Saudi Urological Association Annual Meeting
“Challenges and Controversies”
King Salman Auditorium, King Faisal Specialist Hospital & Research Centre
Thursday – Saturday, 21 – 23 February 2019
Riyadh, Saudi Arabia

Abstract Presentations

| | Preventing Post-Operative Complications in Mid Shaft to Distal Hypospadias Repair: Comparing Treatment Dose of Antibiotics VS Prophylactic Dose of Ab VS No Antibiotics | Consultant, King Abdulaziz Medical City, Riyadh |
|--|---|--|
| Podium Abstract Presentation Saturday, 23 February 2019 Classroom # 4, Post Graduate Centre, Level 3, New Expansion, Main Hospital Building Moderators: Dr. Raed Azhar & Lt. Col. Ahmed Alzahrani | | |
| Podium Abstract Presentation Session is from 08:00-12:30 pm | | |
| TIME | TOPIC | PRESENTER |
| 11:45-12:00 pm | Abstract #64: Outcome of Stented VS Unstented Hypospadias Repair | Dr. Tariq Burki Consultant, King Abdulaziz Medical City, Riyadh |
| 12:00-12:15 pm | Abstract #65: Robotic Hysterectomy and Bilateral Orchiopexy for A Patient with Persistent Müllerian Duct Syndrome (Video Presentation) | Dr. Saud Almousa Resident, King Fahad Medical City, Riyadh |
| 12:15-12:30 pm | Abstract #73: Robotic-Assisted Excision of Retroperitoneal Schwannoma (Video Presentation) | Dr. Meshaal Alsadhan Resident, Security Forces Hospital, Riyadh |
| 12:30 pm | Poster/ Oral Abstract Presentation Adjourned | |

The 31st Saudi Urological Association Annual Meeting
“Challenges and Controversies”
King Salman Auditorium, King Faisal Specialist Hospital & Research Centre
Thursday – Saturday, 21 – 23 February 2019
Riyadh, Saudi Arabia
